WELLNESS MENU

INTEGRATIVE MEDICINE

Dr. Keith Cini

A comprehensive, whole-body approach to health & healing, supporting men, women & families. Care is focused on identifying root imbalances, relieving pain, improving function & restoring overall wellness.

Each session is personalized and may include acupuncture, cupping, moxibustion, therapeutic bodywork such as tuina, chi nei tsang, visceral manipulation, craniosacral therapy & other modalities as clinically indicated.

Initial Visit

90 min | \$350

A comprehensive evaluation and treatment designed to assess your needs and begin restoring balance within the body.

Follow-Up Sessions

50 min | \$225 80 min | \$295

The 80-minute session is recommended for deeper, more comprehensive care.

AQUARIAN WOMENS WELLNESS

Dr. Bella Lauren

A specialized approach to women's health, supporting the body through all phases of life, from cycle regulation & fertility to perimenopause, menopause & beyond. Care focuses on the nervous system, hormonal balance, holistic pelvic care, abdominal health, holistic breast care & deep restoration.

Sessions are personalized & may include acupuncture, breath regulation, craniosacral therapy, lymphatic support, abdominal therapy, holistic pelvic care, yoni steam & other modalities as indicated. Functional hormone testing, including DUTCH testing & lab work available as part of care.

Initial Visit

3 Hours | \$595

Follow-Up Sessions

80 m | \$295

FUNCTIONAL IMAGING & SCREENING

Non-invasive, radiation-free imaging that supports early detection, preventative care & proactive whole-body wellness. Thermography measures patterns of heat and circulation to assess inflammation, vascular activity, and functional changes within the body.

Thermography for Women

Full Body \$599

A comprehensive scan of the entire body, supporting a broad assessment of systemic patterns, inflammation, & overall health.

Half Body \$499

Focused imaging of either the upper or lower body, ideal for evaluating localized areas of concern.

Women's Health Scan \$499

Focused imaging of the breasts, pelvis & abdomen to support early awareness of hormonal & inflammatory patterns in women's health.

Breast Scan / Region of Interest (ROI) \$299

Targeted imaging of breasts or any other specific area, ideal for detailed evaluation & ongoing monitoring.

Thermography for Men

Full Body \$599

A comprehensive scan of the entire body, supporting overall health assessment & detection of systemic patterns.

Half Body \$499

Focused imaging of either the upper or lower body, useful for evaluating localized areas of concern.

Region of Interest (ROI) \$299

Targeted imaging of a specific area for detailed assessment and monitoring.

*Includes imaging & report (consultation is extra \$150)

COLON HYDROTHERAPY

A gentle, supportive therapy designed to promote digestive health, detoxification & overall wellness.

Initial Session

90 minutes | \$255

A comprehensive session including consultation & treatment to support hydration of the colon & release of stagnation.

Follow-Up Sessions

50 minutes | \$195 80 minutes | \$245

Designed to support ongoing detoxification & digestive balance.

Add-On

Castor Oil Pack | \$30

Supports detoxification, lymphatic flow & abdominal relaxation during treatment.

THERAPEUTIC BODYWORK

Specialized hands-on therapies designed to support relaxation, circulation & nervous system balance.

Craniosacral Therapy

50 min | \$225 / 80 min | \$295

A gentle, restorative therapy supporting the nervous system & deep relaxation.
